AGENDA *for* ISERP 2023

The 8th International Symposium on Emerging and
Re-emerging Pig Disease

 www.iserpd2023bangkok.com | info@iserpd2023bangkok.com

SAPPHIRE ROOM 201 (Onsite Only)

Monday, 5th June 2023 Enteric Diseases and Bacteria session

8.30 - 9.30
(Keynote)

The current PED situation in Japan
M. Sueyoshi (Japan)

9.30 - 10.05
(Invited)

Porcine epidemic diarrhea control strategy in South Korea
C. Lee (Republic of Korea)

10.05 - 10.20
(Invited)

Porcine epidemic diarrhea control strategy in Thailand
A. Boonsoongnern (Thailand)

10.20 - 10.35

A dramatically increased of immunoglobulin A levels in gilts colostrum and its long-lasting in milk following multiple injection of porcine epidemic diarrhea live vaccine
(Oral presentation)
K. Kaeoket (Thailand)

10.35 - 11.00

Coffee break

11.00 - 12.00

**Satellite Symposium I (sponsored by CPF) @ Grand Diamond Ballroom Roundtable discussion:
Kitchen of the World: CPF & DLD**

SAPPHIRE ROOM 201 (Onsite Only)

Monday, 5th June 2023 Enteric Diseases and Bacteria session

12.00 - 13.30

Lunch & Poster session (+Presentation)

13.30 - 13.45

Evaluation of the efficacy of plant-derived intramuscular vaccination against porcine epidemic diarrhea virus (Oral presentation)

C. Jae Seok (Republic of Korea)

13.45 - 14.00

Selection of donors for fecal microbiota transplantation (FMT) in pigs

(Oral presentation)

F.R. Massacci (Italy)

14.00 - 14.15

Outbreaks of viral gastroenteritis in domestic pig farming: the impact on production results and complete genome characterisation of implicated pathogens

(Oral presentation)

D.Brnić (Croatia)

14.15 - 14.30

Pigs had higher survival and performance after challenged with F-18 Escherichia coli when fed diets containing ultraviolet light treated spray dried porcine plasma

(Oral presentation)

J. Polo (USA)

SAPPHIRE ROOM 201 (Onsite Only)

Monday, 5th June 2023 Enteric Diseases and Bacteria session

14.30 - 14.45

Identification of the oxazolidinone resistance poxtA2 and cfr(D) genes in *Streptococcus dysgalactiae* subsp. *equisimilis* in pigs
(Oral presentation)
C.F. Magistrali (Italy)

14.45 - 15.00

Hypervirulent *Streptococcus equi* subsp. *zooepidemicus* outbreaks in the United States
(Oral presentation)
P. Sitticharoenchai (USA)

15.00 - 15.25

Coffee break

15.25 - 16.00

(Invited)

Insights on AMR in pig farm
R. Chuanchuen (Thailand)

16.00 - 16.15

Maternal antibody titers for protection against infection and clinical manifestations caused by recent Japanese classical swine fever virus
(Oral presentation)
K. Fukai (Japan)

SAPPHIRE ROOM 201 (Onsite Only)

Monday, 5th June 2023 Enteric Diseases and Bacteria session

16.15 - 16.30

Retrospective evaluation of porcine hemagglutinating encephalomyelitis virus (PHEV) by direct in situ hybridization in cases of bronchointerstitial pneumonia

(Oral presentation)

T. T. Arunsiripate (USA)

16.30 - 16.45

The capability of Droplet Digital PCR in Highly Sensitive and Accurate Diagnosis of African Swine Fever Virus

(Oral presentation)

D.T. Duy (Vietnam)

17.00 - 18.00

Satellite Symposium II (sponsored by Betagro)

@ Grand Diamond Ballroom

18.00

Session closed
